Mission Statement

Council's mission statement establishes our organization's purpose and serves as a focal point for current and future endeavors.

The City Council's mission statement is as follows:

Continuously ensure and advance the quality of life for the community through inclusive decision-making.

Vision Statement

Council's vision statement defines the target outcomes our organization seeks to accomplish.

The vision statement is as follows:

Our vision is to create an equitable, sustainable, and vibrant city, rich in opportunity for all to thrive.

Council Values

As the City carries out its mission and works towards its vision, it will be guided by these Core Values:

1. Courageous leadership in service to the community
2. Safe and healthy community
3. Sustainable future
4. Excellent quality of life
5. Community engagement
6. Commitment to prosperity
7. Family-oriented atmosphere
8. Relentless pursuit of improvement

Code of Ethics

Guided by the Institute for Local Government's (ILG) work on this subject, this Code of Ethics is meant to go beyond the requirements of the law to encourage the highest standards of behavior; to promote public trust; to guide Council Members in their day-to-day service of the City; and to help on-board new members of the Council in the future. The Code of Ethics will be revisited at future Council team-building workshops and revised as needed.

Governance Resolution

The Council's desire is to ensure that Rancho Cucamonga continues the tradition of thoughtful, stable governance, with a City Council that works together in the best interests of the City.

The Resolution of Commitment to Unified Governance outlines how the City Council intends to govern and communicate with staff and all stakeholders, working together as a whole.

Council Goals

Each year the City Council sets a series of specific goals and objectives that clearly communicate their current priorities to serve our community. These goals are reviewed annually in a public workshop with staff to develop realistic completion timelines, determine resources needed in the upcoming budget, and assign items to specific departments to ensure accountability.

2026 - 2027 City Council Goals

These goals were developed and updated at the February 2026 City Council goal-setting session and adopted at the March 4, 2026, City Council meeting. As noted, many of these programs and projects are multi-year in nature. The City Council identified the following set of strategic goals to accomplish within the next three years:

1. By the end of July 2026, implement the Drones as First Responders Program.

2.By the end of December 2026, a schematic design of a Fire Administration building and Emergency Operations Center (EOC) will be ready for submittals.

3.By the end of January 2027, present to the City Council a draft of The Next 50: a Strategic Plan for Fiscal Sustainability.

4.By the end of September 2027, present to the City Council an update on the ATMS Master Plan.
