

Ashley N. Stickler

Council Member, District 1, City of Rancho Cucamonga

Web page: <https://rcwatchdog.pages.dev/stickler>

Key: leaf = Previti's marijuana (cannabis) company or a marijuana company named in its records; house = Previti homebuilding or development company. Figures are as reported in public campaign filings through October 28, 2026 (retrieved 10/29/2026).

[← Back to Who Ended Up with the Money?](#) · [← Back to the summary](#)

- 🏠 Stickler's campaigns reported raising \$119,924 (2022–2024). \$2,250 of it came from James L. Previti, one of his companies (such as FH II, his homebuilding company), or political groups that had reported receiving money from them. Those groups also reported spending \$169 on their own supporting her.

How to read these figures. “Given” means a campaign contribution reported by the candidate's campaign. “Spent” means a group paid for its own mailers or ads supporting the candidate. “Previti-linked” means the money came from James L. Previti, one of his companies, or a political group that had reported receiving money from them.

- ✳ Some of these groups had also reported receiving money from Industrial Integrity Solutions, Previti's marijuana (cannabis) company. Those amounts are marked with a leaf below.

\$2,250 given to campaigns by Previti, his companies, or groups that reported receiving their money

\$169.48 spent separately by those groups (mailers, ads)

\$2,419.48 total Previti-linked

Share of campaign money

Previti-linked: **\$2,250 (1.9%)** of \$119,924 reported raised. Group spending is not in this bar.

Where the Previti-linked contributions came from

Each bar is a Previti company, Previti himself, or a group that had reported receiving Previti money. The small line under each name says what it is.

Dennis Michael for Mayor

Campaign; reported receiving \$5,000 from FH II, LLC (Previti's homebuilding company) — \$1,500

- ✳ Other candidates' campaigns (2), incl. \$500* after money from Industrial Integrity Solutions (Previti's marijuana (cannabis) company)
Second step: other candidates' campaigns that had reported receiving money from a Previti-funded group — \$750
- ✳ **Leaf, green bar, or *:** paid by a group after it, or a group that funded it, reported receiving money from Industrial Integrity Solutions (Previti's marijuana (cannabis) company). This marks timing only; the amounts are not traceable Industrial Integrity Solutions dollars.

The marijuana (cannabis) company link

- * Of the amounts above, **\$500 in contributions** came from a group after a group that funded it reported receiving money from Industrial Integrity Solutions, Previti's marijuana (cannabis) company: the Armendarez for Supervisor campaign (via Coalition for Better Government, a political committee) \$500. [S-311]

What these figures can and can't show. Committee funds are pooled, and filings do not show which dollars were passed on. The exact amount of marijuana money that reached any candidate can't be determined. The groups named here also had many other givers, who are not tied to Previti by being listed.

The Records Raise Questions

- * 3. This council voted to keep marijuana (cannabis) dispensaries out of Rancho Cucamonga [S-309, S-310]. Yet Industrial Integrity Solutions (Previti's marijuana (cannabis) company) has given \$717,200 to political groups since 2019, including \$183,000 to the SB County GOP (San Bernardino County Republican Party) in 2026 and \$20,000 to the Coalition for Better Government (a political committee) in 2022. Money from those groups then reached Kennedy, Hutchison, Scott and Stickler, both directly and through other campaigns. Committee funds are pooled, so the exact amount of marijuana money reaching each candidate can't be determined. Worth asking: if marijuana stores are kept out of our backyard, should marijuana-linked money be welcome in the campaigns of the people who kept them out?
- 4. Once money goes into a political group's account, it's pooled with other donations, so no one can say exactly how many of the marijuana (cannabis) dollars reached each candidate. But routing money through a political party or a political committee (PAC) doesn't change where it came from. The marijuana company's money went in, and the money to these candidates came out of the same accounts. Worth asking: does it matter to you which door the money came through?
